

R. CODY TOLMASOFF

TRAINER, PROGRAMMER, &
SUPPORT SPECIALIST

CAREER HIGHLIGHTS:

Self-Published 1st book in a series

December 2018

San Francisco's Golden Gate Park - West.

The second book will cover the east side of the park, and further books to cover a year worth of adventures around the SF Bay Area.

Created Handheld Multimedia Tour, Amsterdam's Van Gogh Museum

A flash based timeline of Van Gogh's life, with details of where and when he painted his most famous work.

Created Educational Games for the Leapfrog Leapster

Titles including Animal Genius, Clifford the Big Red Dog, and Pet Pals.

Helped Expedia achieve 1 million Facebook Fans

Worked on data visualizations for the Friend Trips contest creating the 1 million fan audience in 6 weeks.

Taught thousands of students Flash and ActionScript

From high school age to grandmothers and many in between, writing all my own curriculum.

RECENT PROFESSIONAL HISTORY:

Senior Creative Technologist

Flashtalking Inc. - San Francisco

June 2013 - December 2017

Leading the Studio support team to record training videos, conduct training sessions, build working prototypes, troubleshooting live issues, and create better documentation and support material to better serve our clients faster. Utilizing experience from my former role on the production team, I was able to quickly spot areas for improvement to leave clients feeling more fully supported, faster.

Lead Developer

NomNomNom Games - Redwood City

January 2012 - January 2013

Managing a remote team of flash developers to produce and co-author 50+ Flash-based games on Android on the Nom platform. Also porting Flash games from Android to iOS.

Further details on my Linked In profile and portfolio site
